Health Declaration	A National Sheep Health Declaration will be provided at Delivery		
JD Approved Vaccinates	Sheep are not JD Approved Vaccinates.		
Other Health Information	All ewes have been twice vaccinated as lambs.		
Assessor Comments	610 May/June 2023 merino wether lambs, Barwonnie bred, Goolgumbra blood, Spetember shorn, mulesed, 35.6 kgs live weight. A great line of Goolgumbra blood wethers that are really on the do. These lambs will continue to grow out into heavy cutting, large framed wethers to suit trade/export markets or to be retained as wool cutters.. Currently grazing a large body of dry feed and make a great opportunity to turn out to fatten for Spring/Autumn markets. At assessment lambs carried light clover and very light bathurst burr with barley grass observed but not visibly penetrating short skins.
