Assessor Comments	Nice quality line of PD cross lambs to put away and grow out. Lambs have been weaned and have had all the treatments including full body fly treatment through electrodip. This is the top 50% of mob on offer today. Great opportunity to purchase low-dollar animals to take advantage of the coming stubbles and the positive outlook for the lamb market in the new year. Approx 5 lambs marked 1 week before assessment and as seed is coming a very odd lamb with weepy eye.
