Assessor Comments	An opportunity to purchase 200 merino wether lambs. These lambs are june /July 2023 drop and are showing great growth for their age, these lambs have had all the health treatments guidar vacc and muelsed , these lambs are an exceptional example of the breed being long in the body they will grow into big wool cutting sheep. While shearing an 18 micron clip in 2023 The vendor has put an emphasis on using pol sires to create minimal scurr and horn in the sheep to make handling a breeze. Would highly recommend these sheep to anyone that was looking to start in the breed or add on to an ongoing operation.
