Assessor Comments	A line of 780 mixed sex store lambs. These are bred from White Suffolk infused Maternal Composite Rams in the top 10% of the Maternal \$ Index; with selection emphasis on early growth, worm resistance, eye muscle & constitution. They were marked on 15/8/23, using rings and Metecam as pain relief, marked at the 3rd joint on the tail to ensure good tail length. The ewe lamb portion have are Gudair vaccinates. Lambs were weaned on 20/9/23, and were given their 2nd x 6 in 1 vaccine and a Cydetin weanergaurd drench. Lambs were grain trained at weaning and are currently being fed beans 4 times a week at 450g/hd. They have all been crutched. All the hard work is done. These lambs come highly recommended, are proven performers, and also carry an excellent health status. They will grow into excellent trade weight or heavy lambs if given the opportunity.
