Health Declaration	A National Sheep Health Declaration will be provided at Delivery		
JD Approved Vaccinates	Sheep are not JD Approved Vaccinates.		
Vendor Comments	The flock average micron is 19		
Assessor Comments	A good line of well bred Mo wether lambs. These lambs are med frame and present in a store to forward store condition. These lambs will continue to grow out into good heavy lambs in the future with correct feed and management. They have been started on finisher pellets. Ideal lambs to take through as kill lambs or alternatively would make great wool cutters in the future. Please note all these lambs went through the auto scales from 31-38kg.		
Assessor	Daniel Doecke (Level 1 Accredited) Phone: 0458 748 262
