Assessor Comments

69 Brahman / Brahman X Feeder Heifers Heifers are 12 - 17 mths of age, are the calves off cows that were purchased as C & C units september last year 2022 with some being born at Paradise Heifers were weighed at 280 - 381kg full at assessment, are of good type & quality for their breed. Please view Photos & Video for best breed description & satisfaction. Heifers are of your Northern nature, I found No heifer to be Aggressive whilst working them through the yards, but heifers do like you to respect their flight zone.
