Assessor Comments	These Poll Hereford steers present as a well-managed group. They boast excellent breeding, evident in their demeanor and quality. These steers were very well yard-weaned, resulting in a calm and docile temperament. Having been under careful handling since weaning in September, they've been consistently maintained in excellent condition. Initially introduced to a diet of barley grain and ryegrass hay, they are currently receiving a daily feed of 2.5 kg All Purpose Pellets along with hay.
