Assessor Comments	300 White Suffolk x Merino lambs all individually weighed 30kg plus. These lambs are bred out of good medium to large framed merino ewes by high indexing Glenfinen & Coronga White Suffolk rams. The lambs averaged 38kg at assessment and would go ahead nicely given the right nutrition. These lambs are out of a flock that is OJD vaccinated and the ewe portion of this mob have been OJD vaccinated. These lambs would definitely benefit from shearing. Buyers please note I observed approximately 10% of lambs to have or show signs of Scabby mouth. Nice lambs to take forward.
