Assessor Comments	An excellent line of Keri Keri Blood April/May drop Merino Wether lambs that display good growth for age. These lambs show plenty of frame and would grow into good weights given the opportunity. Wether lambs averaged 19 micron at shearing 6 weeks ago. Lambs have all been horn tipped at weaning. All have been trained to grain and are currently on grain feeders with barley. Buyers please note that the ewe lamb portion is also available in the same sale.
