| Assessor Comments            | An excellent line of Keri Keri Blood April/May drop Merino ewe lambs that display good growth for age. These lambs show plenty of frame and would grow into good weights given the opportunity. Ewe lambs averaged 19 micron at shearing 6 weeks ago. Ewe lambs are very plain bodied and also moderately mulesed. Buyers please note that the wether lamb portion is also available in the same sale. |
