Assessor Comments	Excellent lot of 1st BL/Mer X Mixed mixed sex lambs with plenty of years of breeding. They are Ex large frame East Loddon Blood Merino Ewes by Stud Rettalick Border Leicester Rams. These sheep are some off the best in the district and would not normally be for sale. The Ewes portion are normally kept as future breeders and the Wethers fatten for Export markets. Only being sold due to the Vendor down sizing on X/Bred sheep and running more Merinos. The Ewe portion are all Gudair Vaccinated and would join in February if given the right oppurtunity. Nothing more needs to be done with these lambs other than tip out and fatten.
