Handled With	Steers are excellent to handle through the yards and in the paddock Bikes , Dogs , On foot , Vehicles
Assessor Comments	A genuine little line of quite vendor bred Angus steers. Steers will satisfy angus programs and with good frame they show plenty of weight gain potential. Steers have been sired by stud Bunya creek angus bulls and are quite to handle. They have recently been vaccinated with Bovi shield had their 2nd 5in1 and wormed with a injectable. Buyers please note these steers will do extremely well given the opportunity and have grown up in lantana country for anyone wishing to go back to those areas. Cattle located in a tick free zone for ease of movements.
