	These cattle were good to handle through the yards, processed well through the crush. Two heifers were slightly stirred up after processing but did settle once back with the mob.

Assessor Comments 52 top quality Charolais X heifers on offer. This mob is account the well known vendors of Eskdale Cattle P/L, who have won many of prizes at the annual Toogoolawah weaner sales over the years. These cattle are well renowned for their quality and doing ability. A great mob of heifers to handle through the yards and are well handled on horses and with dogs in the paddock. These heifers have all been bred on ticky, forest country and are used to lantana. Due to the dry conditions over the last few months they have been on a backgrounder ration in the paddock for the previous two months. These heifers are all bred out of a quality herd of cows that are culled heavily on fertility every year and sired by top quality Charolais bulls. A quality run of heifers that would suit any backgrounder, feedlot or breeder operation.
