	Cattle were a pleasure to work through the small yard set up but flowed with well. small percentage of steers had pace whilst being drafted and processed but become settled once all pressure was taken off.		

Handled With Bikes , On foot , Vehicles

Assessor Comments Buyers a great line of Angus/Speckle Park weaned Steers that have plenty of frame and growth for age. Steers are out of a Angus cow line by quality selected speckle park bulls that had an average weight of 263.8kg at the time of assessment with a -5% curfew. Cattle would suit all backgrounders to put away to grow out into heavy feeders or bullocks in the new year.
