Assessor Comments	A great opportunity to purchase 36 quality Santa X & Droughtmaster X No. 3 weaned heifers. These heifers stand on good bone with great length. Bonavista cattle have a great reputation for their doing ability off pasture, crop or feedlot. These heifers are ideally suited to be taken through to heavy feeder weights or taken to heavy export markets and would also make future breeders. Heifers are going forward on green feed and should continue to do so. Please note 5 heifers white face or white under line, odd heifer brindle in coat- refer to photos and video.
