Temperament	Yards	Crush	Paddock
	Quiet: 30 head	Quiet: 28 head Slightly Stirry: 2 head	Temperament not assessed in Paddock
	Cattle were good to handle in the yards and crush. Two heifers became slightly stirry when in the crush and exited quickly. They settled quickly back in the yard.		
Handled With	Bikes , Dogs , On foot , Vehicles		
Assessor Comments	A good to very good quality line of medium to large frame yearling heifers. They range from Angus through to a soft British bred cross. They have been grazing a mix of harvested crop stubble, fresh improved pasture paddock and have access to grain in self feeders. They have picked up after the November rain and are moving ahead nicely. They have a very tight liveweight range with a full weight range of 336 - 402 kg at assessment. They are NSM and for buyers confidence they have been preg tested empty by a registered vet at assessment. 100% NDP. They are ideal to take directly onto feed for high end MSA markets or alternatively would suit to take and join to bulls. Two heifers noted with slight blue eye in one eye one heifer with warts on eye lid. They are located approx 25km south east of Boggabilla and are easily accessible for any carriers running north and south. Note the deck of steers on same property to make 2 decks and the liveweight purchase option available during the sale.
