	Very well handled heifers which have seen correct handling and processing since birth. Temperament of the heifers is good. Please note some heifers are restless when in race & crush, though return to settled when in company.		
Handled With	Bikes , Dogs , Horses		
Assessor Comments	A Commercial line of one brand, vendor bred, ready for feedlot backgrounding or joiner heifer. The vendor has a strict selection process when choosing sires and retaining females. Selecting sires with correct IMF traits has been a must, to ensure marbling in future offspring. Heifers have been growing out well. Please note some heifers show slight navel, appears to be genetic throw back from stud angus bulls used in the past on the maternal side. 3 heifers have white udders with some very slight white line forward of the udder. 3 head have old scaring though not detrimental to eye sight. Please note vendor has another lot in sale.
