	Heifers were a pleasure to handle through the yards. Wanted to run when going through a gate or down a fence, they were easy to block up.		
Handled With	Bikes , Dogs		
Assessor Comments	These Heifers had a tough start to life but are now doing well. The vendor estimates they are putting on a kilo per day since last weighing. There is still an odd Heifer with a long coat and looking slightly woody but will turn around quickly given the right opportunity. There are 4 Heifers with a little white around the udder .These Heifers are the top of the drop, with a small tail taken out. The vendor has the Steer portion in the same sale , that may help with trucking arrangements.
