Comment on Fat Score 1 Cattle: Good forward store to fresh condition

Vendor Bred: Yes

Stock History: Vendor bred from a large frame herd of cows predominantly Santa / Charolais cross with a 25% Composite infusion through the cow base using Composite bulls. 4 pure Angus heifers are from stud cows.

Lifetime Traceable: 100% of cattle in this lot are Lifetime Traceable

Bloodlines: By Pathfinder Composite & Rennylea Angus Bulls.

Grazing Conditions: Lightly shaded rolling Mitchell grass downs country supporting a good quality yet short Mitchell grass and native grasses.
Returned same

Burr/Seed in Coat: No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives

Temperament

Yards	Crush	Paddock
Docile: 15 head Quiet: 52 head Slightly Stirry: 3 head	Docile: 11 head Quiet: 52 head Slightly Stirry: 7 head	Temperament not assessed in Paddock

An exceptional mob to handle through the yards, walking away self-controlled and calm through gates, minimal effort or push required to load the force, race & crush. 7 heifers were agitated when confined in the crush when mouthed however stepped out the front calm and quietly. Overall, it is very evident the time and effort that the Vendors have invested into educating these cattle was on display - how content, quiet and easily managed they are through the yards.

Handled With	Bikes , Dogs , On foot
Assessor Comments	Good quality Composite Cross Heifers - Angus x, Charolais x , Charbray, Santa x . EU accredited. Heifers are well grown with good weight for age that show good length & constitution ideal as breeder replacements, feedlot or grass fatten. Vet Preg Tested empty July 23 - NSM since . These heifers are ready to join or feed. Mouthing 14 random heifers 9 milk & 5 x 2 tooth with the heaviest heifer still milk tooth. As noted in the temperament section the Catumnal cattle are very quiet and a pleasure to handle evident of the time and effort invested by the Vendors in the education program and breeding selection criteria. 1 heifer with very minor light blue eye, the odd heifer weeping from dust & a small number with light old fly rub marks. 5 higher content Brahman/Brangus Composite bred heifers have light to medium hump.
