Comment on Fat Score 1 Cattle: Heifers present in healthy store condition, and would handle any transport distance required.

Vendor Bred: Yes

Lifetime Traceable: 100% of cattle in this lot are Lifetime Traceable

Bloodlines: Heifers are sired by high quality Registered Simmental Bulls, out of Billa Park and Casa Toro stud and commercial purebred Simmental females.

Grazing Conditions: Heifers have been running on native and improved pastures which is responding well to recent rain. Heifers have also been fed a silage based maintenance ration due to the recent dry period and patchy rainfall.
Returned same

Burr/Seed in Coat: No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status: The owner declares that the cattle have not been treated with HGP at any period of their lives

J-BAS Score: 6.

Vendor Comments: A great opportunity to purchase some high quality females with years of breed leading genetics. Heifers were originally to be retained, however due to ongoing dry and little summer rainfall these females are a rare offering of genuine future breeders

Joining Details: Not Station Mated

Any Access To Bulls or Stags?: Yes, last access to bulls/stags: 07/01/2024

Joining Access Details	Heifers have been kept open for an A.I program due in February. There was a neighbouring bull incursion for less then 12 hours a short time ago and but all heifers received a PG line up needle on the 12/1/23.

Temperament

Assessor Comments

On offer is a great opportunity to secure some high-quality Simmental genetics. The York family name is highly regarded in the Simmental breed, and the Casa Toro prefix is well known for producing high quality Simmental bulls and females year in year out. This group of 11 Quality Yearling Heifers would make genuine replacement breeders, and are ideal to grow out to heavier joining weights. This group were part of the Casa Toro late “T” and early “U” drop heifers to be retained as future breeders in their bull breeding operation, but have since become available due to ongoing dry and low summer rainfall. Seven heifers are currently registered with the Simmental Australia Breed Society and can be transferred at purchases expense, please see notable traits section for registration break up. Please note, Vendors have another lot of older Simmental females listed in this same sale.
