Assessor Comments	Buyers, here is a top quality line of vendor bred weaned EU Angus cross heifers that are grass only eligible and antibiotic free averaging 326kg. This line of heifers have nice softness with great length of body, having good volume and thickness with femininity. Heifers have very good frame with top quality genetics being bred out of medium to large frame Angus & Angus cross cows by good quality stud Angus sires. These heifers are extremely quiet to handle. Creagh cattle have a great reputation for performance on grain and grass. Note 4 heifers had old blight scaring but not detrimental.
