Assessor Comments	Buyers, Here is a line of good quality Angus weaned steers that average 335kg. These steers present in good store condition having good growth for age with plenty of length and depth of flank and are very smooth easy doing types. These Steers show nice muscle expression and softness as they are very well bred being out of Renny Lea blood cows by top quality stud Angus sires. Steers were very good to work through yards. These steers are antibiotic free Grass only eligible. Note 3 steers showing old blight scaring but not detrimental. Steers were cut later but softening down nice now please see video. Note vendor has heifer lines in same sale.
