Assessor Comments	A great opportunity to purchase 91 quality Angus X, No. 3 weaned steers. These steers stand on good bone with great length. Bonavista cattle have a great reputation for their doing ability off pasture, crop or feedlot. These steers are ideally suited to be taken through to heavy feeder weights or taken to heavy export markets. Steers are going forward on quality buffel and should continue to do so. Please note 12 steers white face or white under line refer to photos and video. Please note 18 steers weighing over 400kgs at assessment. The Vendor would normally take these steers through to heavy feeders or export weights and is only selling due to downsizing. Steers have been educated to bunk feeding. Buyers please note these steers were weighted on the 8-12-23 over 41 days they are putting on 1.63 kgs per day on quality feed not to be missed.
