Assessor Comments

Buyers, On offer is a small neat line of Angus X Angus heifers that have years of breeding. Heifers are bred out of top quality "Kala" Ex stud cows and sired by renowned Te-mania and Airvale stud bulls. Heifers weighed 326 - 440Kg to average 378Kg at assessment. Quiet Temperament is a trait that is highly selected for at the Kala property and these heifers are no exception. With all health treatments up to date these would be an ideal start up mob or addition to a self replacing herd. Please note 1 heifer was treated at assessment with a weeping eye, it will be treated again before delivery. For further information please call.
