Assessor Comments

Offering 5 lots from same property in todays sale including – 37hd avg 410kg, 41hd avg 397kg, 12hd avg 390kg, 10hd avg 326kg and this lot being 6 averaging 325kg empty. The full consignment of 100 head were weighed out as over 380kg and under 380kg to tighten weight brackets and then drafted into their breeds, this lot is X-Bred light steers presenting in forward store condition and were only removed from the 37 head as they were lighter but could fit back in and be hard enough to pick as they have great shape and muscle also but are just the later drop calves. This line represents the lighter weight steers that are out of the cross bred cows and did stir up when pressured in the draft pen and crush, once they were in the big pen with others they seemed to settle ok to take photos and videos but would need to be respected and given their space when handled going forward NOTE: 1 head with horn. NOTE: 1 head with scurs.
