Assessor Comments

Offering 5 lots from same property in todays sale including – 37hd avg 410kg, 41hd avg 397kg, 12hd avg 390kg, 6hd avg 325kg and this lot being 10 averaging 326kg empty. The full consignment of 100 head were weighed out as over 380kg and under 380kg to tighten weight brackets and then drafted into their breeds, this lot is the lighter weight Angus steers presenting in store condition and are ideal to grow out to feeder weights. Steers were bought in to build vendors existing numbers and are now being on sold. To make this a bigger line and fill a truck the 12 head from same property in todays sale would fit in well and were only removed as they were heavier. Since arriving these steers have performed very well and will continue to do so given the right feed. NOTE: 1 head have old pink eye scarring. NOTE: 1 head have some warts

on neck.
