Assessor Comments	Offering 5 lots from same property in todays sale including – 12hd avg 390kg, 41hd avg 397kg, 10hd avg 326kg, 6hd avg 325kg and this lot being 37 averaging 410kg empty. The full consignment of 100 head were weighed out as over 380kg and under 380kg to tighten weight brackets and then drafted into their breeds, this lot is the X-Bred tops that are in forward condition showing great muscle and shape but still have enough frame for big weight gain, steers are fresh and on the				

improve given that they have only been running on natural & improved pastures. This line represents the best of the steers that are out of the cross bred cows and did stir up when pressured in the draft pen and crush, once they were in the big pen with others they seemed to settle ok to take photos and videos but would need to be respected and given their space when handled going forward. NOTE: 3 head have old pink eye scarring. NOTE: 1 head have some warts on neck.
