Assessor Comments

Offering 5 lots from same property in todays sale including – 37hd avg 410kg, 41hd avg 397kg, 10hd avg 326kg, 6hd avg 325kg and this lot being 12 averaging 390kg empty. The full consignment of 100 head were weighed out as over 380kg and under 380kg to tighten weight brackets and then drafted into their breeds, this lot is the Angus X tops presenting in forward store condition and would be ideally suited to grow out to top end feeder weights. Steers were bought in to build

vendors existing numbers and are now being onsold. To make this a bigger line and fill a truck the 10 head from same property in todays sale would fit in well and were only removed as they were lighter. Since arriving these steers have performed very well and will continue to do so given the right feed. NOTE: 1 head with old pink eye scarring in one eye, 1 head with 2x old scars. NOTE: 1 head have warts on neck.
