Assessor Comments	An excellent draft of EU ACCREDITED Angus Steers. The Nankervis family have over 25 years of Alpine Angus bloodlines, with no expense spared on genetics with a focus on above average growth and carcass attributes. They display length, good bone and shape, presenting in fresh forward store condition. Proven performance cattle with repeat buyers operating to purchase these cattle annually. A great opportunity to purchase quality backgrounding steers that would suit any operation. The temperament of these steers was excellent, with credit to the vendors for the amount of time & management spent to have their cattle a pleasure to handle. Grass Fed & Antibiotic Free.
