Assessor Comments	Excellent quality Limousin yearling heifers. Bred on pure Donna Valley blood, these heifers present in forward store		

condition and are moving ahead on fresh pick and silage. Would make ideal trade/export heifers for the winter or taken on as future breeders. Hard article to find, yard weaned, great temperament. These heifers carry some of the best Limousin genetics from a long established name in the breed. These heifers display all the best attributes for the breed with excellent structure and butt shape.
