Assessor Comments	Offering an extremely quiet, well-bred line of Jarabee Angus blood steers on behalf of AR & MA Hughes of Greta South. The Hughes family have been breeding Angus cattle in excess of 30 years and are well known in the local area to produce cattle that continue to perform. These steer weaners are showing slight Simmental infused characteristics with the breeder purchasing Sim-Angus cows from a local breeder in 2011. The Hughes family are renowned for being strict on the temperament and structural integrity of their cow herd. Steers are sired by Jarabee Kaiser P197 who has positive rib and rump EBV's and an EMA of 8.1 with a heavy grass index giving you the confidence that these steers will grow into large framed heavy export bullocks ideally suited to an MSA program. Cattle come with assessors' highest recommendation and can be purchased with buyer confidence. Grassfed only, Antibiotic free.
