	Heifers were good to run through the crush. Only 2 heifers not as comfortable with extra pressure in the crush and keen to exit, but weren't silly.		
Assessor Comments	A very good line of USDA NOP ACO Organic heifers. Very feminine heifers, exhibiting length, bone & softness. Ideal to take through as future breeders or fatten for the organic premiums. Well handled heifers that are use to horses, dogs, buggies and on foot through the yards. No heifers have been retained, forty heifers were weaned late September and the remainder prior to Christmas. Well bred heifers that will grow out into stylish breeders or heavy kill weights. # Please note 2 heifers separate family brand.
