Assessor Comments	Buyers on offer are 16 Angus heifers that show all attributes to make ideal replacement breeders. Heifers show plenty of length and depth and are very tidy around the head whilst showing good feminine characteristics. Heifers are out of Sandon Glenoch sires with the cows having a strong Sandon Glenoch bloodline. Heifers could also be taken through to heavier feeder weights or taken through to kill weights at a young age suiting all domestic/export Angus markets. Heifers are sought after by previous purchases and come highly recommended.
