Assessor Comments	A good opportunity to purchase a nice line of Angus and Angus cross steers with all the hard work done. Steers are coastal bred and present in store condition and the next purchaser will reap the benefits of the potential left in these steers. A small draft has been removed from the tail of these steers. Buyers please note that two steers were treated at assessment with Terramycin eye ointment for pink eye and an odd steer has a cloudy eye; however not considered detrimental. One steer noted to have warts. Please note only double decker access available.
