Joining Details	Not Station Mated
Any Access To Bulls or Stags?	To vendor's best knowledge, this lot has had no access to bulls or stags.
Temperament	YardsCrushPaddock Quiet: 70 head Slightly Stirry: 19 head Quiet: 60 head Slightly Stirry: 29 head Temperament not assessed in Paddock Heifers were generally very good to handle. They are typical of station cattle, used to big areas that like to run through gateways and got slightly stirry when under pressure in the race but at NO time in open yard with them did they make me nervous. These heifers should be no problem for most people with half decent facilities and half decent stockmanship. I

Handled With	would be more than happy to send to most of my clients, however if you want docile cattle these are not for you. Bikes , On foot , Vehicles
Notable Traits	Traits 2 Head Very slight blue eye
Assessor Comments	Good quality draft of "Yammatree" Heifers that have done exceptionally well in feedlot in the last few months. These Heifers were weaned early off vendors northern property in September and since their induction into the feedlot have absolutely exploded, all the hard work has been done here with getting the heifers rumen functioning in the right manner. These Heifers are ideal to either feed on or would make a great line of cows in the future. The Yammatree Cattle are highly sort after from major feedlots and we have had great feedback on their performance in the last few years.
Assessor	James Tierney (Level 1 Accredited) Phone: 0488 317 059
Delivery Period	29/01/2024 to 02/02/2024 (5 days)
