Assessor Comments	Small draft of 9 Hereford heifer weaners taken off the vendors main draft of 29 head. Early weaned calves that were bred on the vendors property at Coolah they have been on agistment at Holbrook for the last 3 months due to seasonal conditions at home. These 9 are the younger, lighter calves of the mob. Quiet, easy to handle heifers that will suit someone looking for a smaller line. Temperament is a real credit to the vendor. Vaccinated with Bovi-Shield MH-One and up to date with all other animal health treatments. Vendor also has another 3 lots in this same sale, 45 steers and 29 heavier heifers, similar description.
