Assessor Comments	A good quality line of baldy type heifers that have had all the hard work done. Heifers are medium framed (65%) with good bone, sound with tidy heads. Selling NSM. 44% black baldy, 35% red baldy or baldy brindle, 11% tan, 10% other colours. Purchased predominately out of Southern QLD and Northern NSW as weaners from April to June 2023. These heifers have performed well through our winter/spring period on dry pasture and are really starting to fire ahead now on better pasture quality. Flatback heifers with a large percentage of baldy types, small number showing a percentage of X bred content. Please see media to satisfy type. Approx 2hd showing scarring on their eye but still have clear sight and has not affected performance. Temperament is very good and they are well educated and worked through the yards and paddock easily. Small percentage became agitated in the head bail however nothing considered stirry or aggressive. Vendor has another 2 lines in sale.
