Assessor Comments	Attention all Steer growers on offer today we have a neat Deck of Vendor Bred Droughtmaster Steers. Since weaned all the Steers have been part of a Cell Grazing program and handled daily. All the Steers are showing great frame and shape for their age and are from a high performing Cow Herd. It is noticable that the Steers are all going forward and are on average over the last few weeks are doing 700g per day. The temperament is a credit to the Vendor and the hard work they have put in to have these Steers soft, easy and a pleasure to work with. Vendor is offering clear of the Dip. Purchaser to pay transport to the clearing facility. Steers need to be cleared prior to moving across the tick free line.
