Assessor Comments	Angus & Angus x steers with plenty of frame. These steers are 100% weaned well educated and extremely quiet to do anything with. All the hard work is done on these steers and would suit any program. Given the current season these steers are in the rite condition to achieve excellent weight gains. All the steers have been 5in1 and wormed recently. A couple steers have little warts on the neck and head with three steer with a slight blight of the eye treated at assessment (Only minor and will not affect or hinder). 2 younger steers had been marked late (castrated)Very nice cattle well worth a look!
