Assessor Comments	Angus & Angus x heifers with plenty of frame. These heifers are 100% weaned well educated and extremely quiet to do anything with. Heifers would suit any trade program or as replacement breeders. Heifers had been needled with Estrumate at assessment to ensure empty status. These heifers are in the rite condition to achieve excellent weight gains. All have been 5in1 and wormed recently. A couple heifers have little warts on the neck and a few with slight blight of the eye treated at assessment (Only minor and will not affect or hinder). Please give me a call if you wish to discuss further
