| Assessor Comments  | A very good line of Angus and Angus Cross steers. 1 brand account breeder. Steers show good growth and bone. Well muscled. After a dry period last year steers are now responding very well on good feed. Steers very suitable for feedlots, trade/export or take through to heavy kill cattle with MSA potential.                                                                           |                                           |                                     |
