	Heifer's were good to handle and flowed through the yards well. In the crush while being weighed there was 3hd that did get agitated and wanted to surge forward. Once these Heifers were let out and returned to the bigger mob then they settled.

Assessor Comments	A good line of predominately Angus Cross Heifers. Heifers present in good store to forward condition and would be ideal to feed for the Domestic markets. Heifers are good soft easy doing types. Heifers were purchased out of the New England district as weaners in 2023 and since recent rain they have excelled. Please note same vendor same sale has multiple lots also available that could be used as a truck filler.
