Steers present in store to forward store condition and have been grazing semi improved native pastures and doing very well. Steers are a mixture of vendor bred and purchased cattle from the New England and Coastal areas. Steers would be ideal to take home put onto grass or crop to take advantage of the rising feeder market. Steers with the access to quality feed should do very well. Please note 2 steers have old pink eye scarring also note this vendor has 5 lots in this sale for your competition.
