Assessor Comments	Quality Angus Calves, These cattle have been in drought conditions since birth. There are 4 steers with pink eye scaring in one eye and two steers with pink eye scaring in both eyes. These calves are out of good frame station bred cows with great genetics. These calves are sire by Dunoon Angus Bulls. I am confident given the opportunity these cattle will perform. With the lack of water the vendor has no choice unfortunately. Vendor has Heifers listed in same sale.
