	These cows worked well through the yards, with the odd one stirring up slightly when under pressure or separated out of the mob. They settled well as a mob after the assessment and would be no trouble for an experienced cattlemen to handle.				
Handled With	Bikes , Dogs , Horses , On foot				
Assessor Comments	A quality line of first calf heifers presented with good sized Calves at foot, rejoined to Angus and Santa bulls. These cows are all bred and been running in ticky, lantana, forest country. The calves are sired by quality Angus bulls with the exception of one Charolais heifer calf and a Santa bull calf. There are two brands in the heifers. The majority of them are bred by the Cruickshank family at Eidsvold with 21 of them being bred at Eskdale Station. They have all been pre-dipped and the vendor will guarantee them clear of the dip and will pay for the inspection fee. These cows have been rejoined to a ruby Ridge Angus Bull and a Yarrawonga Santa Bull purchased for \$22K. All the calves are currently unmarked. These cows are running on lighter forest country and will perform well where ever you take them. They are milking well and doing a great job on their calves. Don't miss this opportunity to purchase an outstanding run of genuine breeders joined back to quality bulls.
