Assessor Comments	Buyers here presents an opportunity to acquire a very tidy line of Angus & Angus cross PTIC heifers. These heifers are very well handled and were fantastic to assess. The heifers are all very soft and show all the desirable traits to grow out to be a great line of breeders. A majority of these heifers were purchased from Victorian and NSW sales. Please note a small percentage of heifers throughout mob are in a withhold. There is no certainty or guarantee that the heifers are in calf to only Angus Bulls however, very likely. These are a very tidy line of heifers that are sure to impress.
