Assessor Comments	A top quality line of Charbray/Brahman Heifers PTIC 4/5 Months to Angus Bulls. Heifers are 2nd calvers, very large frame heifers that show very good bone and type. Heifers moved freely through the yards but nothing aggressive and once in the mob settled very well. Some heifers became agitated in crush due to crush design and flooring. Nothing was aggressive. Heifers produced top quality calves last year (photo attached). 51 x 1 Brand, 2 x different brand and 1 year older. Would be a top quality draft of future breeders.
