Assessor Comments	Buyers an opportunity to secure a line of predominantly CFA Charbray cows with very good Charolais cross calves at foot. Cows have raised a calf every year for Vendor and are doing a terrific job on these calves averaging 185 kg all sired by ANC, Hopgood and Branchveiw Charolais Bulls.The cows are medium to large frame and would be ideally suited to wean the calves and fatten cows for slaughter , alternatively cows could be calved out again as they have been continually joined to same bulls and would expect a good % back in calf. Please note 2 cows observed with bottle teats.
