	The temperament of these Heifers and Calves is a real feature. Raised by an older couple that spent plenty of time with them. Been around the house getting fed hay when dry through calving. Broken in to kids.			
Handled With	Bikes , Horses , On foot , Vehicles			
Assessor Comments	Buyers a rare opportunity to purchase one mark, first calf heifers and calves with a front paddock temperament like these. Heifers were raised by an older couple and calved down during a dry period, supplemented hay, heifers are kid broke also. Heifers offered for sale due to storms missing there paddock. Heifers have been rejoined to Hazeldean Angus Bull. These young matrons are very well grown and would make an ideal starter mob or suit small acreage block. Calves sired by Speriby North sire stand on good bone. S17 has a birthmark on offside hind leg, S12 has white on undercarriage, S06 has slight brown tinge in coat, 2 calves with blue spot in one eye NDD, 1 steer slight lump in front of pizzle (refer to photos).
