Assessor Comments	Buyers a nice line of Angus & Angus X cows with sappy calves at foot. These females have had access to the sire of the calves since 15.01.24 and he will remain with the cows up until delivery. The calves have not been marked yet. These cows present a wonderful opportunity to purchase very well bred and well-presented cows with lovely calves at foot. Ideally suited to the smaller holding considering their temperament. Genetics used in the herd are Temania and Hazeldean.
